

## DEVELOPER OPPORTUNITY DETAILS

IndieKnow is a platform for self-releasing artists to guide them through every step of the release process. It features a suite of tools and guides to help artists navigate the music industry and achieve streaming success. Thanks to Incubator funding from Youth Music, we are looking to bring on board a young and enthusiastic Developer to help us create content and develop the platform.

### WHAT WE'RE LOOKING FOR

Applicants should be aged between 18 and 25 years old, and offer at least **one** of the following:

- Video editing and content creation skills and experience;
- A good knowledge of Wix, including Wix code.
- The ability to build an app from scratch!

In addition, it is desirable that applicants have a working knowledge of Google Sheets and Photoshop. Candidates who possess multiple skills will be prioritised.

It is not expected that you will have an extensive portfolio at this point, but *some* evidence of the above skills will be required.

### WHAT WE'RE OFFERING

The successful candidate will be employed full time for a 10 week period, calculated at 36 hours per week, paid at £12 per hour (£4,320 for completion of the project). The program is expected to run from 10th February until 5th May (around 12 weeks, including some breaks).

We hope to launch the MVP of the product during the course of the program, and if the launch is successful then we will look to create a permanent role in much the same capacity, so we sincerely hope that we will be in a position to continue employing the successful candidate at the end of the program.

Depending on the skillset offered, there is a possible opening for a founding CTO (Chief Technical Officer) for the right candidate, which will include shareholding in the business (IndieKnow).

## **ABOUT INDIEKNOW's FOUNDER**

Andy Haggerstone is the Managing Director of Kaleidoscope, an artist management company and independent record label founded in 2015 with offices in Newcastle upon Tyne, UK, and Bangkok, TH. Kaleidoscope's artists have amassed millions of streams across key DSPs, performed at major festivals including Glastonbury, Reading and Leeds, secured national press and tastemaker support from outlets such as BBC 6Music, The Guardian, and The Line of Best Fit, and landed sync placements with brands including FILA, British Airways and Ubisoft. IndieKnow is Andy's latest project, providing professional release guidance to self-releasing artists.

## **HOW TO APPLY**

To apply, please go to [www.indieknow.app/youthmusic](http://www.indieknow.app/youthmusic) and complete the application form. If you have any difficulties completing the application, or if you require an application form in a different format, you should email Andy Haggerstone on [andy@kaleidoscope-music.co.uk](mailto:andy@kaleidoscope-music.co.uk).
